

An opportunity for Autonomous Financial Advisers

“At Synchron we believe in a true partnership where we don’t look to each other, but look together in the same direction.”

If you are ready to learn more about the Synchron advantage contact one of our directors or state managers for a confidential chat.

WHO IS SYNCHRON?

Synchron is one of Australia's leading, non-institutionally owned, financial advisory groups.

We are the partner of choice for advisers who provide quality advice to the professional, business and affluent clientele.

Founded by three practising financial advisers Paul Riegelhuth, Don Trapnell and John Prossor in 1989, Synchron has grown exponentially to over 110 authorised representatives, located Australia wide. The company is trusted and respected in the Financial Services Industry.

Like our directors, our State Managers are all practising financial advisers.

Our philosophy is to form associations with only the highest calibre advisers.

"Our objective is to support our advisers to deliver best-quality advice and grow successful practices."

We value our advisers more than anything else, because without them we wouldn't exist. We are committed to providing each Synchron adviser with the highest level of service and support available, resulting in a culture that respects basic human values and needs.

Paul Riegelhuth - Director

John Prossor - Director

Don Trapnell - Director

WHY JOIN SYNCHRON?

At Synchron there is a sense of belonging that can only come from working with a Licensee that thinks the way you think. As all members of the management team are practicing advisers just like you, and are regularly advising clients, we know what it takes to make your life easier.

And being free from institutional ownership or financial backing means there is no bias towards any products or services.

PROFESSIONAL DEVELOPMENT

Our professional development program includes adviser development days in each state, bi-annual national conferences and an exclusive annual under 40s conference to develop young advisers as your succession plan. We retain business strategist and industry expert Michael Harrison to design state of the art marketing, adviser development and practice management programs.

CLIENT OWNERSHIP

Our "Adviser Owns Client" philosophy recognises that you have made an investment to build a relationship with your clients. In the event that you decide to leave Synchron you have a "free to go" clause with no nasty exit penalties. Your right to work is protected.

DAILY PAYMENT OF REMUNERATION

We respect your right to be paid in a timely fashion. After all, you have worked hard to acquire your business and it is not appropriate that your licensee holds on to your money until it is convenient for them to pay you. At Synchron, when we get paid, you get paid. And we do this daily.

MORE SYNCHRON ADVANTAGES

- An adviser friendly agreement
- Freedom to choose your investment platform
- Online CPD training and points management
- Compliance documentation that is truly "Clear, Concise and Effective"
- Industry involvement
- Generous commission and brokerage rates
